S

EVENT

SEA WATCH

Most people settle for the view at Lands End. Here's a way to explore in more depth the teeming ocean and bird life passing by the Golden Gate. Naturalist Matt Zlatunich will guide observations that could include the marbled murrelet, humpback whale, stellar sea lion and California sea otter. Bring binoculars. Free. 8 a.m. Meet at Louis' restaurant, 902 Point Lobos Ave., San Francisco. RSVP at mbzlat@yahoo.com.
